SAEINDIA is a premier professional society that serves the Mobility Engineering Community engaged in the design, manufacturing and service of self-propelled vehicles and systems that move in land, air, space and sea. It has a glorious track record of 2 decades in service to the Mobility Industry. It has 5,000 professional members and 50,000 student members.

SAEINDIA is an individual member driven society with an objective to serve all the stake holders in the mobility industry by providing opportunities to add value to its members on a continuous basis. SAEINDIA is working closely with Automotive Research Association of India (ARAI), Society of Indian Automobile Manufacturers (SIAM) and Automotive Component Manufacturers Association of India (ACMA) for spreading knowledge and technical information to a wider cross section of the community. It actively supports Indian Government initiatives like Skill Development Program and Digital Revolution.

SAE International is a global association of more than 128,000 engineers and related technical experts from over 100 countries representing aerospace, automotive and commercial-vehicle industries. SAE India is the largest strategic alliance partner of SAE International mirroring its parent organization’s vision and mission in serving the the mobility communities in India and South Asia.

FISITA 2018
WORLD AUTOMOTIVE CONGRESS
Disruptive Technologies for Affordable and Sustainable Mobility
2 – 5 October, 2018
Chennai Trade Centre, Chennai, India
Exposition Brochure
Since 1947, the FISITA World Automotive Congress has been a forum for industry leaders, experts and engineering professionals to exchange ideas and discuss the trends that drive the automotive industry forward.

SAEINDIA in collaboration with FISITA is organizing the 37th FISITA World Automotive Congress for the first time in India since 1947.

The theme for the Congress is “Disruptive Technologies for Affordable and Sustainable Mobility”. The Congress will have a concurrent exposition for the global automotive fraternity to showcase their products, technologies and services.

Who should exhibit?
- Original Equipment Manufacturers
- Electric and Hybrid vehicle Manufacturers
- Auto Component Manufacturers
- Transmission and Powertrain Manufacturers
- Auto Ancillary Companies
- E-business platforms focussed on the Mobility sector
- Global Energy Giants
- Garage equipment and Services

Congress topics:
- Powertrain & Emission
- Fuels & Lubricants
- Noise & Vibration
- Vehicle Dynamics
- Active and Passive Safety
- Electric & Hybrid Vehicles
- Autonomous & Connected Vehicles
- Manufacturing & Materials
- Vehicle Concepts
- Sustainability

Exposition Details
As an international conference with a contextual theme “Disruptive Technologies for Affordable and Sustainable Mobility”, FISITA 2018 will host groundbreaking technologies of more than 200+ exhibitors at its Expo. Leading automotive companies including the TVS Group, Tata Motors, Bosch, AVL Global, GM Tech, Ansys, ATS, Volkswagen, SGS have already confirmed their participation in the event so far. The Exposition will be a world class congregation of technology leaders, innovators, design experts showcasing products and excellence in services.
